

Kalkidan Tesfaye

A darling baby girl!

Born: November 23, 2008

Addis Ababa, Ethiopia

Kalkidan is a darling baby girl and it doesn't take much to make her smile. Her native language is Amharic. She is too little for school. Her favorite activity is learning to walk.

She loves watching the kids play soccer. She loves all colors. Her favorite thing to play with is a soccer ball.

Kalkidan is too young to attend the church activities and Sunday school at the church. She is too little to tell us if she believes in Jesus.

The family:

- Kalkidan has one older sister. Her Mother and Father are HIV+, but Praise God, Kalkidan is negative. Both parents are receiving treatment and medication for the virus.
- Kalkidan's parents both are believers and attend the Good Samaritan Program on Friday's at Addis Kidan Church.
- Both parents do construction work together (daily labor, which is very hard work, digging ditches, carrying heavy rocks and dirt). They earn 600 birr a month and rent is 140 birr for a small mud and straw home with a tin roof.
